WITH THE AMERICAN
FORCES NORTHWEST OF
VERDUN, Oct. 11 (Noon).—
Heavy artillery firing in the
region west of the Meuse river
began early today. The Amer-
icans started the action before
daylight, and the bombardment
was responded to by the Ger-
mans. Fires are reported in the
region of many towns behind the
lines and it is believed these
were started by the American
shells.

LONDON, Oct. 11, 1 p. m.—
In the Champagne, the French
and Americans joining hands
north of the Argonne in the
Grandpre Gap, have occupied
the Grandpre Station, while pa-
trols are said to have entered
that town itself.

On the River Meuse, north-
west of Verdun, the Americans
have cleared out a little pocket
in the direction of Sivry which
has held them up a long time.

WITH THE AMERICAN
ARMY NORTHWEST OF VER-
DUN, Thursday, Oct. 10, 9 p. m.—
American forces struck the
German lines just east of the Ar-
gonne Forest today. They cap-
tured the villages of Somme-
rancy, Cheveries and Marcy.
The ridge of Dame Marie was
stormed after hard fighting. More
than 1000 prisoners were taken dur-
ing the day. These include one Col-
onel and two battalion staffs.
Fighting opened this morning
with the infantry sweeping through
the northern portion of the Argonne
Forest for a maximum distance of
nearly five miles. Little opposition
was encountered from the enemy,
who had probably retired during the
night to escape from the untenable
pocket formed by the American
flanking movement on Monday.
As the Americans pushed forward
they found that these Germans had
made a thorough job of blocking and
destroying the roads as they retired.
At 3 o'clock this afternoon they were
in Marcy and Cheveries, having taken
the La Folle farm and the Rich-
ard farm and advancing on the Nor-
mont Woods the only piece of forest
land between them and Grandpre.
Half an hour later they had cap-
tured Somme-erancy and had advanced
north of that village. By this attack
the Americans have taken a firm
grip on the territory just north of
the broken Krischeld line.

of German machine gunners and in-
fantry to be met, the Americans

KAISER REPORTED TO HAVE SUMMONED SOVEREIGNS OF GERMAN STATES TO BERLIN

Conference, Unique in History, to Be Held Before
Answering Wilson Note, Cologne Dispatch
Says—U. S. Inquiry Published.

By the Associated Press.
AMSTERDAM, Oct. 11.—Emperor
William has summoned the sov-
ereigns of all the German Federal
states to Berlin for a consultation
before answering President Wilson's
note, according to a Cologne dis-
patch. Such a conference is unique
in the history of Germany.

The semi-official Wolff Bureau of
Berlin has made public President
Wilson's reply to the peace proposals
of Prince Maximilian, the imperial
German Chancellor, with the follow-
ing note appended:

"The official text of the reply is
still awaited, but the reply shows
that further declarations from the
German Government are necessary.
To that end careful consideration by
the Government is necessary.
"A reply to the President's final
question has been given by the
speech in the Reichstag on Oct. 5 by
President Fehrenbach, who, in the
name of the German nation, de-
clared the Reichstag approves the
peace offer and makes it its own."

Maximilian's Note Said to Have Been
Opposed by Kaiser.

LONDON, Oct. 11.—Chancellor
Maximilian's peace proposals to Pres-
ident Wilson was made in direct op-
position to the views of Emperor
William, according to a report
brought to London by a neutral who
left Germany a few days ago. It is
suggested that this may be the reason
for the summoning of the German
sovereigns for a conference. No of-
ficial confirmation of this can be ob-
tained here.

COPENHAGEN, Oct. 11.—A dis-

"The German reply to President Wil-

ference of Prince Maximilian, the
imperial German Chancellor; Vice

Chancellor von Payer, the Ministers
and military representatives of the

Germany to discuss President Wil-

President's Reply Was Awaited With
Great Anxiety in Berlin.

PARIS, Oct. 11.—German news-
papers received in Switzerland indi-
cate with what feverish intensity Ber-
lin awaited President Wilson's reply
to the peace proposals of the Cen-
tral Powers, says a dispatch from
Berne to the Temps. Deep feeling
was aroused in the German capital
on Oct. 7, when a rumor spread that
President Wilson had rejected the
German offer.
In other cities reports were circu-
lated that an armistice had been
agreed upon. The news was posted
immediately in public places, the
advises say, and the crowds could
not conceal their joy.

About New Chancellor.

BASEL, Switzerland, Oct. 11.—
A rescript from the German Emper-
or to the army generals is printed in
the German newspapers. After stat-
ing that Chancellor Maximilian is
desirous of ameliorating the state
of siege throughout Germany, Em-
peror William invites the military
authorities to establish relations with
the presidents of the provinces on
all questions not strictly relating to
military affairs.
In particular he mentions cen-
sorship and the right of public re-
sension and association. In the case
of a disagreement on any question
it shall be referred to the minister of
war who is to transmit it to the
chancellor for final decision.

GERMAN PAPERS DECLARE LEADERS DECEIVED PEOPLE

Long Articles Published With
Apparent Intention of Pre-
paring Public for Further

IMAGINARY APPEAL TO WILSON IN ONE

Wolff Paints a Picture of
Germany Being Misled by
the Pan-German Prophets,
but Loving Peace.

By the Associated Press.
AMSTERDAM, Oct. 11.—German
newspapers received here reveal a
number of long articles apparently
intended to prepare the public for a
further development of the peace
movement and containing favorable
reference to President Wilson's for-
mula.

Theodore Wolff's article in the
Tageblatt takes the form of an im-
aginary appeal to President Wilson
from some friend familiar with Eu-
rope, for example Henry Morgen-
thau, former Ambassador to Tur-
key, painting a picture of Germany
misled by the false pan-German
prophets, but loving peace with its
whole soul, and having learned its
lesson, now ready for a Wilsonian
peace.

Prof. Gravenitz, in the Vossisches
Zeitung, reviews the events which
gradually alienated the United
States from Germany, while Presi-
dent Wilson was trying to bring
about peace, his efforts, however,
being nullified by the German mili-
tary party.

"Again the President's Turn."
"Today," the professor concludes,
"we have a Government strong
enough to assert its will for peace,
and it is again the President's turn."

The Socialist Vorwaerts prints an
article looking to show that the Ger-
man people have confidence in
President Wilson's ideals and sense
of justice.
Some German writers are endeavor-
ing to place the blame for the im-
plementation of Germany's intensified
submarine warfare and the failure to
secure an early peace advantageous
to Germany on the shoulders of the
von Bethmann-Hollweg.

To this end George Bernhard in a
leading editorial in the Berlin Vos-
sische Zeitung declares that if the
German people had not been de-
ceived and misled by Bethmann's
government it is doubtful whether
the submarine warfare would have
been proclaimed and President Wil-
son probably would have succeeded
long ago in bringing about a peace
"without conquerors or conquered."

As outlined in his message to Con-
gress in January, 1917.
In his article Bernhard flatly
charges that the German Foreign Of-
fice lied regarding the peace steps
taken in Washington at the end of
1916 and the beginning of 1917 by
Count von Bernstorff.

Facts Were Withheld.
When President Wilson's January
speech became public in Germany,
says Bernhard, nobody knew that
President Wilson and von Bernstorff
were in the closest communication.
Above all, it never was made known
that President Wilson had received
"Germany's" and also England's
peace conditions."

American newspapers reaching
Germany early in 1917, the writer
says, contained various reports of
peace steps taken by von Bern-
storff.

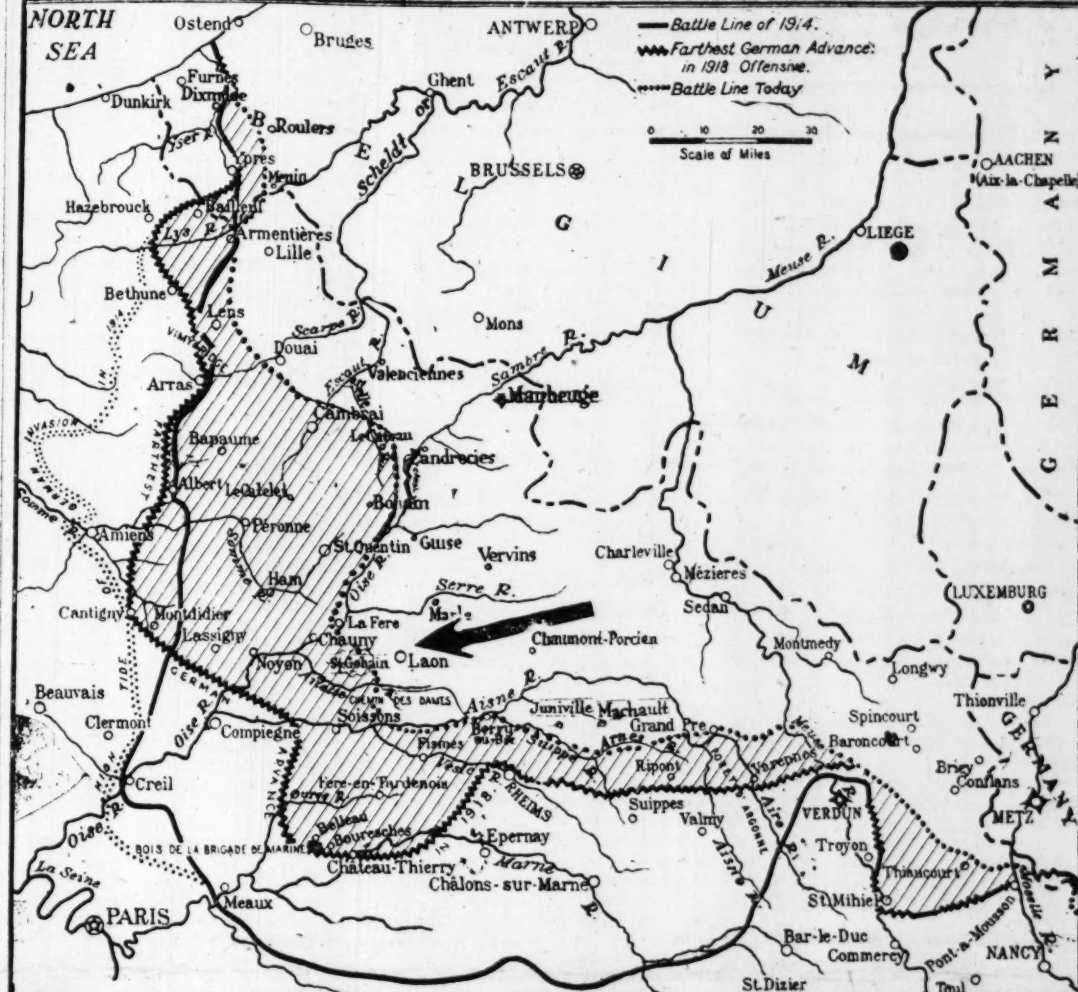

The German Foreign Office was
asked for information, the writer
continues, and declared that von
Bernstorff was acting without in-
structions, since communication
with the United States was so in-
regular.

"We know that this information
was at least technically false," says
Bernhard.

Bethmann, Bernhard asserts, was
opposed to the submarine warfare,
he was afraid of arousing too in-
tense opposition against himself and
so remained silent.
"An overwhelming majority of the

WASHINGTON VIEW OF KAISER'S CALL TO KINGS

May Mean Appeal for Renewed
Fealty, or Preliminary to
Abdication and Surrender.

By the Associated Press.
WASHINGTON, Oct. 11.—Specu-
lation here as to the meaning of the
conference of the sovereigns of the
German states called by the Kaiser
may get out with good grace as pass-
ing and that he may be preparing to
go before the people, proclaiming
his abdication as a measure for their
welfare and to save further suffering.
It is assumed, of course, that the
conference will deal with the reply
of President Wilson's inquiries in re-
sponse to Prince Maximilian's peace
note. If that reply actually is to lead
to peace negotiations it must be a
prelude to drastic changes in the
German Empire in which the subject
sovereigns would have a hand.

One official suggested that the
conference of kings might have been
called particularly to work out de-
tails of reforms ordered in the de-
cree of Sept. 30, to which Maximilian
referred in his first address to the
German people. Chancellor

About 11,000 notices had been sent

MAXIMILIAN TELLS POLAND GERMANS WILL BE REMOVED

"Burdens of Occupation Will Be

AMSTERDAM, Oct. 11.—Prince
Maximilian, the German Imperial
Chancellor, has telegraphed to the
Polish Regency Council, now meeting
at Moscow, assurance that "he is
firmly resolved to shape the relations
between the German Empire and the
newly arisen kingdom of Poland in a
spirit of justice and understanding
of the vital interests on both sides."
"I will exert myself," he continues,
"for the speediest removal of the
burdens of occupation that still exist
and will give orders for the realiza-
tion of this without delay."

HEALTH DEPARTMENT ISSUES CIRCULAR ABOUT INFLUENZA

If You Have Symptoms of a Cold
Go to Bed at Once and Call
a Doctor.

The Health Department today is-
sued a circular for public distribu-
tion in which it gives this advice to
persons who have symptoms of a
cold:
"Go to bed and place yourself
under a physician's care."
If you must go about, avoid
gatherings of persons, crowded
streets, cars, elevators, etc.

Do not sneeze, cough or spit un-
less you protect nose or mouth
with a handkerchief.

Remember your cold, under other
conditions, a trivial matter, is
now a public menace.
The circular advises well persons
to avoid crowds, to sleep in well ven-
tilated rooms, to avoid using com-
mon cups and towels and to wash
the hands frequently. It says im-
mizing serum treatment may be
had free at room 25, Municipal
Courts Building, Fourteenth and
Market streets.

89TH DIVISION WAS IN ST. MIHIEL BATTLE

March Makes Official Announce-
ment—1,900,000 Men Have
Been Sent to Europe.

By the Associated Press.
WASHINGTON, Oct. 11.—Ameri-
can troops sent overseas have passed
the 1,900,000 mark. Gen. March an-
nounced today, coupling his state-
ment with an urgent appeal to the
country to support the Fourth Lib-
erty Loan.

The present is no time to hang
back, Gen. March said, for the max-
imum resources of the nation and
men and money must be "hurled at
the Hun" to make victory certain,
and while the movement of soldiers
across the water is continuing, the
War Department is preparing an-
other 2,000,000 men to follow the
first 2,000,000.

The department has asked Con-
gress for eight billion dollars to carry
out its program, he added, and the
financial support of that program
must not be withheld by the nation.
Summing the battle situation on
the west front, Gen. March said that,
with the capture of Le Cateau by the
British, the allied forces were with-
in 14 miles of the railway junction of
Aulnoye, which is a vital strategic
point for the enemy. The Liege-
Maubeuge Railway and the lateral
road through Sedan at which the
American army is striking on the
Meuse meet each other at Aulnoye,
and these two lines are the main ar-
teries for German supplies and troop
movements in France.

Gen. March announced the Ameri-
can division which cleaned up the St.
Mihiel salient in the fight which
prepared the way for the present ad-
vances north of Verdun. Pointing
from left to right on the map, he
said the divisions were in line as
follows:

Fourth (regular) 24th (New En-
gland National Guard).
First (regular).
42d (rainbow).
89th (Kansas, Missouri, South Da-
kota, Nebraska, Colorado, New Mex-
ico and Arizona National Army).

army with which Gen. Pershing

LONDON, Oct. 11, 1 p. m.—
Today's advances from the battle
front indicate it is virtually cer-
tain the Germans will have to
evacuate the St. Gobain Forest
almost immediately. The Ger-
mans are evacuating the Chemin
des Dames under the pressure of
the converging attacks west and
south of it. The Hunding line
behind Laon, between the rivers
Serre and Sissonne, have been
turned, making the German situ-
ation in the entire Laon area
most difficult.

WITH THE ANGLO-AMERI-
CAN FORCES SOUTHEAST
OF CAMBRAI, Oct. 11.—The
great battle now being fought in
this region on a front of nearly
30 miles today, it having been
extended to the north. British
are gaining everywhere. There
is virtually no enemy infantry
operations.

The high ground on the eight-
mile front, between St. Hilaire
and Le Cateau to the southeast, was
found to be alive with machine guns
when the British approached and the
cavalry patrols were held up for
some time.

The only resistance worth mention-
ing is coming from the enemy ma-
chine gunners. The bulk of the en-
emy artillery seems to have fled so
far east of the battleground as to
be out of range.

North of the Le Cateau-St. Hilaire
line the Germans are in headlong
flight, according to the last reports
from airplane observers. The Douai
salient has been made still deeper
and the news that the Germans are
beginning to evacuate that city may
be expected at any time.

Up to a late hour last night the
British Third Army had within 18
hours made an average advance of
more than four miles and the Fourth
Army from one to three miles, while
the First Army northeast of Cambrai
had made general progress of three
miles. All the armies were contin-
uing to move eastward.

Cambrai is being rapidly left be-
hind in the battle area. As the ar-
mies push forward there are nowhere
any signs that the Germans intend
making a determined stand, but the
British are going a little slower now.
East of Bohain the British are ap-
proaching Mennervet, and the An-
digny Forest, while east of Vassigny
they are drawing closer to

after a struggle, the troops are striking in the direction of Bazuel, two and one-half miles southeast of Le Cateau.

To the east of the St. Hilaire region, in which town there was heavy machine gun dueling before it was captured, the British are driving in toward Solesmes.

Last reports indicated the following line, which always can be counted upon to be well in the rear of the advance patrols and cavalry.

The French are occupying the line of the River Oise, and then joining up with the British east of Fontaine Notre Dame, the line thence running east of Beaulieu, east of Seboncourt, east of Vaux-Andigny through St. Benin, east of Le Cateau, west of Montay, south of Neuville, east of Inchy, east of Bethencourt, east of Prayelle, southwest of Quilly, west east of the villages, in front of St. Hilaire, east of Avesnes-lez-Aubert and east of Rieux. Thence the line runs along the Erclin River, including Naves and Thun-St. Martin, north and well east of Estrun, and along the line of the Senece Canal south of Hem-Lenglet and Pressies.

Last night was one of clear starlight, and the British bombers were out in force intensively attacking human and other targets, and creating great havoc among the fleeing enemy.

The Americans are keeping perfect pace with the British on either side of them.

Haig's Statement of Today on Great Cambrai Drive.

LONDON, Oct. 11.—American troops operating with the British on the front southeast of Cambrai completed last night the capture of Vaux-Andigny and St. Souplet, Field Marshal Haig announced in his official statement today. The River Selle has been crossed by the British, north of Le Cateau. Fighting is going on in the eastern section of that town.

In the region immediately east of Cambrai the British have reached the outskirts of the villages of St. Taast and St. Aubert.

The British are continuing to push forward on the front between Cambrai and Lens. They made progress during the night in the direction of Izel-lez-Equerchin, five miles west of Ibaal. They also are progressing east of Sallaumines, and along the northern bank of the Haute Deule Canal, east of Lens.

The text of the statement reads: "Yesterday afternoon American troops completed the capture of Vaux-Andigny and St. Souplet. British troops crossed the river Selle north of Le Cateau, in the eastern portions of which fighting is taking place."

"West of Solesmes we have reached the outskirts of St. Vast and St. Aubert. North of Cambrai we captured a few prisoners last night in the village of Hem-Lenglet. "Progress was made during the night north of the Senece in the direction of Izel-lez-Equerchin and also east of Sallaumines and along the northern bank of the Haute Deule Canal, east of Lens."

FRENCH CROSS OISE, MENACE TOWN OF GUISE

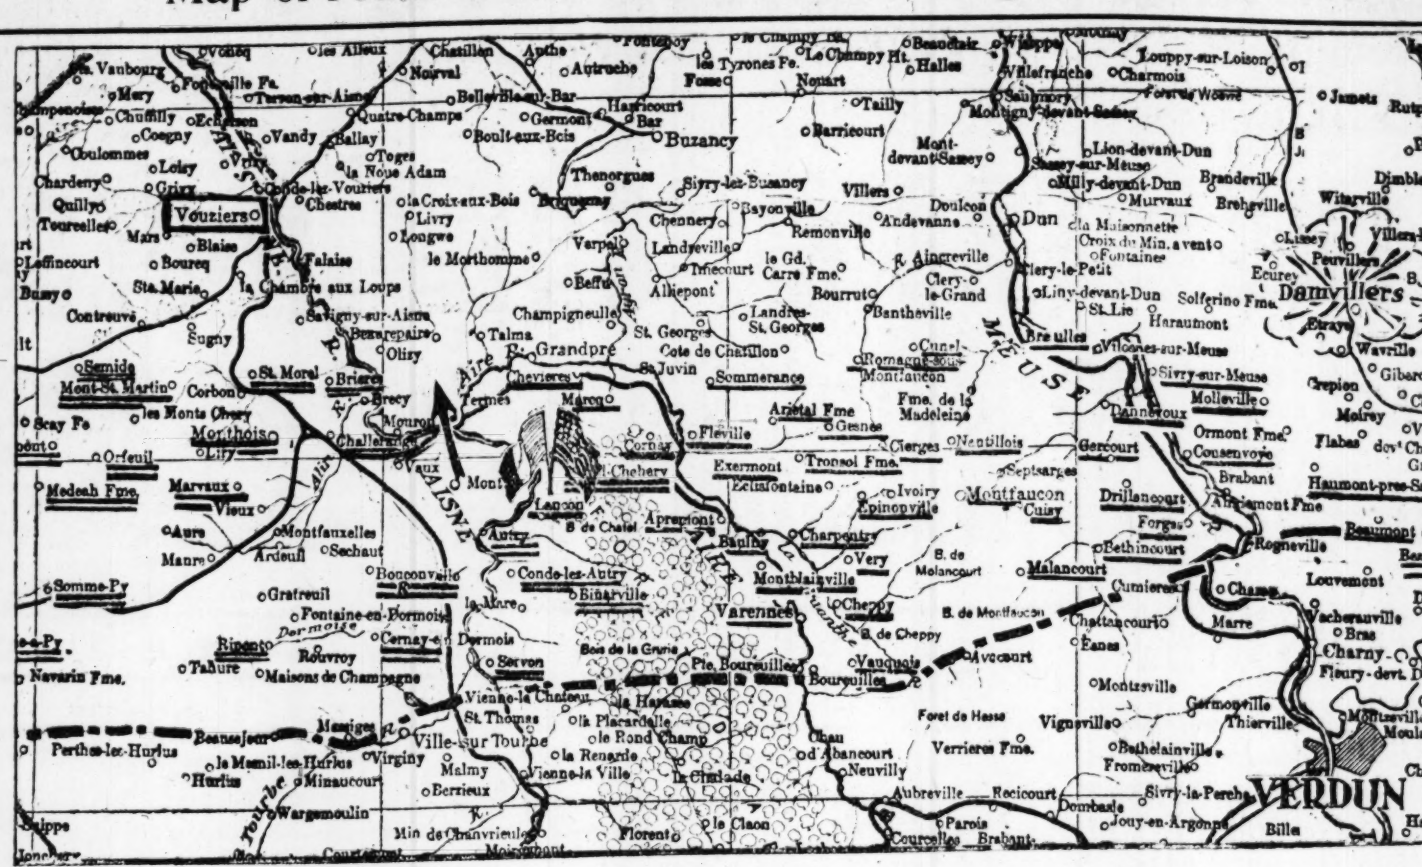

PARIS, Oct. 11, 11 p. m.—Gen. Debencourt's army has pushed across the River Oise at several points in the region east of St. Quentin and his troops now are menacing the strategic town of Guise.

North of Rheims the French fifth army is holding both banks of the River Sappe and has captured Berticourt. Italian forces played a brilliant part in the magnificent attack of the fifth army, which also resulted in the capture of Courtecon and Treyon, south of Laon.

PARIS, Thursday, Oct. 10.—French troops advancing east of St. Quentin have penetrated to a depth of nearly four miles and occupied numerous villages, according to the War Office statement tonight.

South of the Oise, in the St. Gobain region, Servais has been captured and prisoners have been taken. Between the Ailette and the Aisne French and Italian troops advancing on both sides of the Chemin des

French Capture Chivy in Advance North of Aisne.

PARIS, Oct. 11.—French troops last night advanced in the region north of the Aisne and captured the towns of Chivy and Moulines and then pushed on beyond, the French War Office announced today.

Italian troops reached a point south of Courtecon, on the Chemin des Dames, which highway the French have gained possession of as far as the heights at Cerny-en-Laonnois.

The text of the statement follows: "In the course of the night the French everywhere maintained contact with the enemy, whose retreat is continuing at different points along the front."

"North of the Aisne French troops occupied and passed beyond Chivy and Moulines. "Italian troops have reached positions south of Courtecon on the Chemin des Dames which the French hold as far as the height of Cerny-en-Laonnois."

A further statement says: "In the Champagne the enemy, worn out by the heavy fighting which has been going on without interruption since Sept. 26, on the front of the fourth army, began to retreat this morning in the direction of the Aisne. Our infantry, following on the heels of the enemy rear guards, attempting to check our advance, passed through the villages of Irlay, Monthois and Challes and reached the outskirts of Mont Saint Martin and St. Morel."

"Further to the right we crossed the River Aisne opposite Termes, which town we captured. We occupied the railroad station of Grand Pre, where we took numerous prisoners."

Field Marshal Haig's Statement of Last Night.

LONDON, Thursday, Oct. 10.—Le Cateau has been captured by the British, Field Marshal Haig announced in his report tonight.

The British have advanced rapidly along the whole battle front. They now hold the line of the Selle River from St. Souplet to Solesmes, which represents an advance of about 10 miles east of Cambrai.

Many civilians have been found in the captured towns and villages, 2500 being liberated in Caudry alone. The text of the statement reads:

"At dawn this morning our advance was resumed along the whole battle front. At all points rapid progress was made in spite of the efforts of the enemy's rear guards to hold up the advance."

"Our troops, approaching the large woods east of Bohain, have entered Vaux-Andigny. North of that place we have reached the general line of the Selle River from St. Souplet to

the neighborhood of Solesmes and have captured Le Cateau.

"West of Solesmes we captured Avesnes and Reux and then St. Martin."

"West of the Scheldt canal we have taken Etrun."

"In the towns and villages captured in our advance today numbers of civilians have been found, including 2500 in the town of Caudry."

"Southeast of Lens our troops have made further progress and have captured Rouvray."

GERMAN PAPERS DECLARE LEADERS DECEIVED PEOPLE

people were against peace mediation by President Wilson, but nobody in Germany could know that the declaration of unlimited submarine warfare not only was opposed to President Wilson's ideas, but also would be felt as a moral blow in the face," says the writer.

President Wilson was obliged, Bernhard declares, either to believe that Germany's policy was double-crossing, or to believe that there were two governments in Germany.

German Paper Expresses Belief That War Steps Will Continue.

LONDON, Oct. 11.—Germany's answers to President Wilson's questions are awaited with great anxiety in Germany, where an Copenhagen dispatch to the Central News, Wilson's reply to the German peace proposals was published in the newspapers of Berlin last evening. The official North German Gazette says: "We have reason to believe that peace steps which have been commenced will be continued."

AMSTERDAM, Oct. 10.—The Frankfurt Zeitung in explaining why Germany accepted peace says:

"After Bulgaria's collapse, Austria-Hungary resolved to approach President Wilson with an offer of armistice for the purpose of bringing about peace negotiations. At the same time a similar step was being prepared in Turkey. Germany thereupon decided to join the movement, and Chancellor Maximilian made his appeal to President Wilson."

The resignation of Herr von Berg, chief of the German Emperor's civil cabinet, has been accepted, according to the Vossische Zeitung of Berlin. He will be succeeded by a personally acquainted with preliminary conditions and engaged, the paper says.

"Ray of Peace Enveloped in a Fog," Paper Says.

BASEL, Switzerland, Oct. 11.—Commenting on President Wilson's response to the German peace note, the Strassburg Post says:

"The ray of peace has not yet disappeared, but it is enveloped in a thick fog. The only hope lies in the fact that the note was not entirely rejected. Whatever our desire for peace may be, however, we cannot be satisfied with the conditions under which it can be realized."

Newspapers Analyze President's Note With Different Results.

SPECIAL CABLE TO THE POST-DISPATCH AND NEW YORK WORLD.

LONDON, Oct. 11.—President Wilson's inquiries as to whether his terms are accepted unconditionally and not merely as the basis of negotiations, and as to whether the German proposal is put forward by those who made the war, are analyzed with different results by representative German newspapers.

The Cologne Gazette on Tuesday sharply pointed out that in several respects the Government of Prince Maximilian of Baden does not accept the President's 14 points, in particular as regards Alsace-Lorraine. It added:

"If Wilson's idealism proves a hollow shell after humiliation suffered by our national pride through this fresh request for peace, we shall have to remember that we must fall back on our militarism which has so long proved the shield which guards Prussia and Germany."

Throughout the German press, says the Hague correspondent of the Daily Mail, given in the Liberal papers, such as the Frankfurt Gazette, are found similar references to the military power on which, in the

BULGARIANS EXPECTED TO FIGHT AGAINST TURKS

To Join in Allied Expedition, Says Dispatch Quoting Constantinople Advises.

By the Associated Press.

LONDON, Oct. 11.—The Porte has been advised that Bulgaria is expected to send troops against Turkey in an expedition planned by the Entente Allies, according to a dispatch to the Exchange Telegraph Co. from Constantinople, quoting advisers from Constantinople, the dispatch adds.

It is thought probably the Bulgarian Minister to Turkey will be handed his passports within 24 hours.

German Paper Predicts Change in Policy of Turkey.

AMSTERDAM, Oct. 11.—Writing for the Turkish press, the New York Times says that the new Turkish Cabinet proclaims the general desire of peace on the part of the people of that country. Commenting on the situation at Constantinople, the newspaper says:

"Enver Pasha and Talaat Pasha were undoubtedly the pillars of the Turkish-German alliance. We certainly do not stray far from the truth when we assume that impending events in Turkey will result in a change of policy."

Izzet Pasha, former Commander in Chief of Turkish forces, has succeeded Enver Pasha as War Minister. Ahmed Riza Bey, who belongs to the opposition, has been appointed Foreign Minister.

The resignation of Enver Pasha is bitterly opposed to the defunct pro-German Cabinet.

GERMANS ADMIT RETREAT, FIGHTING 'STEP BY STEP'

By the Associated Press.

BRUSSELS, Thursday, Oct. 10.—British and American troops followed the retreating Germans from both sides of the Roman road in the direction of Le Cateau, says the official statement issued today by the German army general staff. The Germans retreat step by step to new positions, fighting all the way.

"On the battle front between Cambrai and St. Quentin, the statement says, 'we occupied positions in the rear. We have evacuated Cambrai.'"

"In the Champagne enemy partial attacks on both sides of St. Etienne were repulsed."

"Between the Argonne and the Ornes ridge, American troops in cooperation with French forces, again advanced in uniform attacks on the eastern bank of the River Meuse."

"On the border of the Argonne forest attacks failed with heavy losses for the enemy. Conroy, into which the enemy penetrated, was recaptured."

"Main thrust attacks, delivered between the Aire and the Meuse, were directed against Somme and Reims. Both places remained in our hands after fluctuating fighting. Enemy forces penetrating via Romagne and east thereof as far as Cunel were driven back."

"On the eastern bank of the Meuse we repulsed the enemy's attack to the east of Sivry. We recaptured Sivry, which had been lost temporarily. Northwest and east of Beaulieu an assault of the enemy failed because of the river Meuse."

"The Silesian Gazette says that in two points of President Wilson's program, those concerning Poland and Alsace-Lorraine have been unacceptable."

WASHINGTON, Oct. 11.—Gen. Pershing's communique for yesterday says:

"On the right bank of the Meuse, French troops, fighting with the First American Army, continued the advance and valiantly held their ground against desperate counter attacks. Heights east of Sivry have been cleared of hostile troops and remain in our hands."

"On the left of the Meuse the Corps of the Marne was stormed and taken after severe fighting. Further to the west the enemy has been driven from the Argonne Forest, which he so tenaciously held, and our troops have reached the line Somme-Moret-Chevrieres and opposite Grandpre."

"Among the prisoners taken, there are one Colonel and two complete battalions."

AUSTRIAN EMPIRES TO DECIDE OWN FUTURE

Emperor Charles Soon to Issue Proclamation Dealing With Rights of the People.

By the Associated Press.

BASEL, Oct. 11.—Emperor Charles of Austria will soon issue a proclamation dealing with the right of the different nations of the empire to decide their own futures, according to Vienna advices to the Frankfort Zeitung.

The Pest-Hirap of Budapest says that Hungary is seeking national life independent of Austria and desires to insure the integrity of her territory, secure a support and have the right to settle her own internal affairs. That journal claims the right for Hungary to be represented at the peace conference by a special delegate and suggests Count Albert Apponyi.

Newspaper Deals With Future Existence of Austria-Hungary.

AMSTERDAM, Oct. 10.—The future of Austria-Hungary is summed up by a large note of interrogation in the Frankfort Zeitung in an article directing attention to the critical situation in the dual monarchy, which it says stands at the crossroads.

The newspaper declares that the entire existence of Austria-Hungary is at stake and that it is not only a question of what shape the Hapsburg dynasty will assume, but whether it will continue to exist. The position of the dual state is so critical that it is impossible to exaggerate it, the newspaper adds.

Doubt is expressed by the Frankfort Zeitung as to whether the Czechs will now accept even concessions of a far reaching nature, as the expectations of the Czechs have risen far above those of only a short time ago owing to the events of the past few days. The newspaper asserts that the Czechs no longer will swallow a conciliatory solution such as a federation of the Austrian and Hungarian nations.

said the Ninety-first (Alaska, Washington, Oregon, California, Idaho, Nevada, Montana, Wyoming and Utah National Army), was still in the American training areas; the Seventy-eighth (Western New York, New Jersey and Delaware National Army), is on the line with the first corps, but its position is not officially stated; the Twenty-eighth (New Jersey, Delaware, Virginia, Maryland and District of Columbia National Guard) is on the line in the Vosges; as is the Thirty-seventh (Ohio National Guard), the Ninetieth (Texas and Oklahoma National Army) is on the St. Mihiel front; the Eighty-second (Georgia, Alabama and Tennessee) is east of the Argonne and the Forty-second (Rainbow) is in the Woivre.

The first courier from Gen. Pershing carrying the hospital reports of the expeditionary forces for slightly wounded men has arrived. Gen. March said the lists included approximately 16,000 names. This number, he said, was the accumulation for all the period up to the time it was decided to bring the lists by courier.

GERMANS SEEK VAINLY TO DELAY BRITISH ADVANCE

Gains Continued and Guns and Prisoners Taken in Cambrai-St. Quentin Sector Despite Enemy's Desperate Rear Guard Action

By the Associated Press.

BASEL, Oct. 11.—The British armies continued their rapid movement eastward today, despite desperate resistance which they encountered at times from strong enemy rear guards, who were trying to protect the main bodies of troops now in flight.

British cavalry, moving astride the Cambrai-Le Cateau road, captured the Le Cateau and moved beyond it after overcoming enemy machine-gun posts.

Just north of here the infantry many hours ago reached Neuville.

The Germans were in some strength on the east side of the Selle River at this point and used their guns vigorously, but the town was taken and passed.

Caudry, Inchy and many other towns as burning as the Germans continue their incendiary and destructive.

More Than 2000 Prisoners Taken.

Other important advances have been made and notwithstanding the enemy's flight, more than 2000 additional prisoners have been taken since yesterday. One army of the three participating in the operations took 55 cannon yesterday and many more today. The others undoubtedly have done as well.

The enemy is in full flight, but resistance from rear guards appears to be slightly stiffened, and it is considered not unlikely that the enemy may try to make a stand on the east bank of the Oise and the Sambre Canal, running northeast of it.

Already the French First Army, operating south of the British, has reached the river Somme, and as they are drawing closer to it northward, the British and Americans are approaching it still further north.

The French line at last reached the Meuse, west of the Regny, east of Marcy to the outskirts of Fontaine Notre Dame and north of Beaulieu.

Hard Fighting Near Bohain.

There has been hard fighting east of Bohain, but apparently the opposition there has been overcome, for continued advances are reported.

An attack was launched this morning east of the Scheldt Canal, and the British penetrated for a considerable distance, leaving the enemy-occupied ground to the north in a still deeper and sharper salient. Incidentally, the British here are only about five miles from Loual to the north of them. They also are able to place an enfilading fire upon the Germans holding the salient, making it exceedingly uncomfortable for them.

There continues to be indications that the enemy realizes he must get out of here, and his plans for the moment very probably have to do with straightening his line northward all the way to the salient the Belgians and British have made in his positions at Roulers. The Germans made one weak effort to push back the Belgians in this salient early this morning, but the attack failed completely soon after it began, the Belgians pouring in a hot fire.

Cavalry Heavily Engaged.

The British captured Tironois without opposition and marched through the town, but the Germans appeared to be in considerable strength in Cannolles and fought hard before the British smothered them with their own machine guns and artillery.

It seems that the cavalry, which has performed wonderful work in clearing up the country and hastening the retreat of the Germans at several places, has been heavily engaged by small groups of enemy machine gunners. In some of these places opposition has been overcome by maneuver and charge, while at other points whippet tanks and davs

CANDIDATE FOR CONGRESS IN FIGHT AT LIBERTY LOAN MEETING

B. H. Dyer Exchanges Blows With Man He Says Told Him He Knew of Better Investment.

During a Liberty Loan meeting at O'Fallon, Mo., yesterday B. H. Dyer, Republican candidate for Congress in the Ninth District, after making a speech, was mixing with the crowd, talking Liberty Bonds, when he called out: "Here's a man who says he can find a better place to invest his money."

Judge Ora Keithley, regarded as one of the wealthiest men of the community, to whom attention was directed, said something to Dyer and the men exchanged blows. The crowd and members of the Great Lakes Band closed in.

C. J. Grey of 4332 Washington boulevard, district passenger agent of the M. & T. Railroad, who had taken charge of the meeting, called upon the crowd to come from Keithley and he was left standing alone.

At the close of the meeting Keithley asked permission to make a statement. He said that he did not like the way that Dyer approached him and thought the conversation was private. He then subscribed for \$500 worth of bonds.

LABOR MEN PREPARE DRAFT OF WORKMEN'S COMPENSATION BILL

Measure Provides That Only the State Shall Engage in Business of Industrial Accident Insurance.

JEFFERSON CITY, Oct. 11.—Representatives of labor organizations in St. Louis, Kansas City and other parts of the State are here today putting the finishing touches on the workmen's compensation bill to be introduced at the next session of the Legislature in January. The bill is modeled after the Ohio law, which labor men say produced a surplus of \$1,000,000 last year. Under its provisions the State exclusively shall handle industrial accident insurance.

The indemnity will range from 240 weeks down, dependent on the character of injuries. Payments will be fixed on a basis of two-thirds of the wages. Former State Senator Alroy Phillips of St. Louis will have charge of the measure before the General Assembly. The act creates a board of three to be paid \$7000 per year.

The will apportions \$200,000 for the hospital and \$100,000 in personal bequests. A trust fund of \$40,000, left for her sisters, Miss Ella Frizell of Oklahoma City, eventually will go to the Duquoin Hospital.

The sale in rabbit pelts was extremely heavy, representatives of the United States and British Governments buying them. It was said, for linings for soldiers' coats. Large orders from foreign countries were reported.

LAWYER FOUND IN DOWNTOWN ALLEY BEATEN BY WATCHMAN

John Neu Jr., 29 years old, a lawyer, of 2427 South Third street, was severely beaten last night in an alley between Third, Fourth and St. Charles streets and Washington avenue, by John A. Miller, watchman for the United States medical supply depot at 510 North Fourth street.

Neu went to the Central Police Station, suffering from cuts and bruises, and complained that the watchman had attacked him. Miller, when summoned, said Neu told him he was in the alley "hunting for the saloon entrance," and when he told him to go away Neu became abusive. Miller was released.

TRY THIS IF YOU HAVE DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Adv.

PASTOR ACCUSED BY WOMEN OF SWINDLE

Rev. F. D. Patton Arrested on Charges He Withheld Bond Investments.

The Rev. Frank E. Patton of 1111 Chambers street, pastor of the Second Christian Church, Eleventh and Tyler streets, was a prisoner at the North Market street police station today, following complaints from four women of his congregation that money which they entrusted to him for the purchase of bonds of the Third Liberty Loan, last spring, had not been used for that purpose.

The policemen who arrested the minister were informed that he had sent his resignation to the church officials. He is 43 years old, is single, and formerly lived in Toledo.

Salary in Arrears.
The women complainants this morning conferred with Irving Fawcett of 2212A North Tenth street, one of the church trustees, and he said the pastor's salary had been in arrears. He said he would try to get the church officials to make up the back salary, so that the pastor could meet his obligations to the women.

The Circuit Attorney said he could take action only in case of a complaint made to him by one of the women, involving more than \$50. As the women did not wish to make a complaint, it appeared that the minister would soon be released.

The minister, when seen by a Post-Dispatch reporter at the station, refused to talk about the women's charges, except to remark that one of the women was not a member of the church, and did not understand its work.

\$27 Paid on \$50 Bond.
Mrs. Dora Dallas of 909A Clinton street said to the police that she gave the pastor \$50 last April, and supposed that he had purchased a bond of that denomination for her, though she did not receive the bond. Later, she said, the Mercantile Trust advised her that it had her subscription for a \$50 bond, on which only \$27 had been paid, and asked her to call and pay the balance due.

Mrs. Margaret Rief, who lives with Mrs. Dallas, said she entrusted \$100 to the minister, and that she got a similar letter, informing her that only \$46 had been paid on her bond subscription.

Mrs. Nancy Stogsdill of 2116 North Ninth street said she gave the pastor \$50, and was notified that only \$26 had been paid on her bond. Mrs. Fannie Griffiths of 1702 North Fourteenth street said she paid \$21 on a \$50 bond, and that the trust company had informed her that only \$4 had been paid in.

LODGE ASSAILED FOR TALK ON WILSON NOTE

Pittman Says Minority Leader's Remarks May Be Misconstrued in Germany.

By the Associated Press.
WASHINGTON, Oct. 11.—There was spirited debate on President Wilson's response to the German peace offer yesterday afternoon when the Senate reconvened after a recess since Monday. Senator Pittman of Nevada declared the published statement of Senator Lodge, Republican, criticizing the President's note could serve no good purpose. Senator Pittman read into the record Senator Lodge's statement and also that of Representative Fessenden of Ohio, chairman of the Republican Congressional Campaign Committee, criticizing the note.

Senator Pittman declared the minority leader had misconstrued the note's meaning, but that the press and the public understood the message and do not concur with Senator Lodge.

"The construction given by the Senator from Massachusetts cannot possibly serve any good public purpose," he said, "but on the contrary may lead the German people and even some of our citizens not familiar with the facts to believe that the President of the United States has receded from the position taken by him in his message to Congress on Jan. 8 and in his speech delivered in New York, and that he is now unduly anxious to enter into peace negotiations with the Imperial German Government."

"The President did not enter into a discussion with the Imperial German Government. He stated that he would not reply until the note was made more definite in certain particulars."

Not First Time, He Asserts.

Senator Pittman said this was not the first time Senator Lodge had voiced his disapproval of the principles and policies and methods pronounced by the President.

"In the President's address to Congress on Jan. 8, he laid down definitely and specifically a program for world peace embracing 14 distinct points," he continued. "This program was agreed to, and adopted by all of our allies and received the hearty approval of all of the neutral countries of the world. Yet it did not satisfy the Senator from Massachusetts. In the United States Senate on Aug. 23, he laid down his own program for world peace. The spirit of that two programs breathe is as different as night is from justice. The program of the Senator from Massachusetts means war for victory, revenge and advantage. While the program of the President means war for victory, justice and everlasting peace."

He declared that opposition of a man in Senator Lodge's position on the Foreign Relations Committee is a matter of grave concern.

Replying to Senator Pittman, Senator Lodge said his regret over the President's note was due to the fact that the President had not gone further. Senator Lodge read from the President's speech, delivered Sept. 27, in which the President said there can be no peace by compromise and that Germany's rulers have shown they are without honor.

Senator Lodge said he was still with the President, but in view of the President's speech delivered on Sept. 27, he could not approve the "note of inquiry."

"Peace negotiations, however, proposed," he said, "are entirely different from the constitutional point of view from the conduct of war. The President in conduct of war is the Commander in Chief and it is my duty to support him, whether I agree entirely with him or not. In the question of making peace, the President is not the Commander in Chief. The power to negotiate is wholly his, but it cannot be final without the advice and consent of the Senate. The responsibility of the Senate in dealing with any question of peace is as great as that of the President."

Discussing the President's inquiry as to the German Chancellor's attitude toward the 14 articles, Senator Lodge described them as "broad principles and not terms."

Nothing in the President's note discussed the independence of Poland, recognition of the Czechoslovakians or the Jugoslavians, nor did it discuss the further of the Slavonic peoples in any way, Senator Lodge asserted.

"The President laid down the principle that the wrong done France in 1870 should be righted," he said. "The detail is how it shall be righted. France thinks it can be righted in only one way and that is with the return of the lost provinces without condition or without any German arrangement for autonomy or for a buffer state. I hope I will not say anything to border on treason but France's view on this is my view."

"Armies Best Diplomats."

Senator Lodge declared he wanted something about reparation agreed to before there was talk of an armistice. "Am I to be accused of treason," he asked, "because I demand that? It is not in the 14 principles."

"The best diplomats are the armies of the Americans, the French and the British and Italians," he continued. "The men leading those diplomats are Gen. Haig, Pershing and Foch. To these negotiators I believe ought to be left the question of peace. They will win it on German soil and the will bring back the kind of peace the people want—unconditional surrender."

The Senator from Nevada undertook to give a party completely to the matter. If there is any party advantage in it, I say to you that I would forfeit any advantage either to myself or any party if the President would only have written a note like his Baltimore speech and others he has made, instead of a series of queries."

ITALIAN WAR RELIEF TO TAKE NEW QUARTERS

Removal to Washington Avenue Will Help Make Vicinity an Allies Neighborhood.

THE St. Louis chapter of the Italian War Relief Fund of America is preparing to move its headquarters from 1320 Olive street to Washington avenue, next to the Allies' Tea Shop, and with the American Fund for French Wounded headquarters next to that, will form an allies neighborhood.

The Italian fund expects to be ready for work in its new home by Monday morning. Mrs. Guido Pansoni is chairman of the workroom and during the past 11 weeks 40,000 surgical dressings have been prepared for shipment abroad and several large boxes of garments have been made for the Italian refugees. The headquarters of the society are in Boston, with the Italian Ambassador, Count V. Macchi di Cellere, as honorary president, and his wife, the Countess, as honorary chairman of the workroom committee. Mrs. Nat Brown is president of the St. Louis chapter; Mrs. Thomas McKittick, vice president; Mrs. Claude Matthews, secretary; and William Matfitt, treasurer. The Executive Committee consists of Mrs. G. Pantaleoni, Elmer T. Williams, Elias E. Monti, H. Worthington, E. J. Thes, McKittick, Messrs. Walter Thompson, Isaac Hedges, G. Glusoff and Lieut. Arturo. Good work has been done by this organization since its founding, and the co-operation of the Italian residents of St. Louis, as well as all others interested in our allies, has met with marked success. A workroom has been opened on Fairmount Heights on South King's highway, where any interested may work for as long or as short a period as they wish.

Snake Oil

has perhaps relieved more sufferers than any other known remedy in the same length of time. Three million bottles sold under an absolute guarantee to give satisfaction or money refunded, and less than a dozen bottles returned. Many have testified that they have suffered with rheumatism and lumbago until they had been forced to give up their work because they could not use their limbs. Some who could not even raise their arms above their head have been relieved and are now leading this wonderful life that other sufferers may be benefited. No wonder this great oil of treatment has sprung into tremendous popularity in so brief a time and is so much praised today by thousands (practically the country) for Rheumatism, Neuralgia, Lumbago, stiff and aching joints or any kind of an ache or pain it is said to be without an equal. For Sore Throat, Croup and Tonsillitis and for Cuts and Burns it has been found most effective. This wonderful oil is now for sale by all leading druggists. Accept no substitute. See that it's Miller's and that trade-mark made in U. S. A. for on bottles others are imitations. Every bottle guaranteed—No. 66, 67, 68, 69, or money refunded, at Wolff-Wilch Drug Co., St. Louis—ADV.

A MOTHER'S STRENGTH
Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood.

RAIN OF SUGAR BOWLS WRECKED INTERIOR OF RESTAURANT

Proprietor Tells Police Bombardment Started When He Demanded Cash of Group of Young Men.

The interior of the restaurant of Peter Lampropoulos, 1007 1/2 Franklin avenue, was wrecked in a bombardment of sugar bowls and other dishes gathered from the lunch counter last night. Fifteen young men engaged in the offensive and retreated in order without a casualty, he told police. Lampropoulos said the young men had been in the habit of eating in the place almost every night in a body. On finishing their meal, he said, they would run out without paying, telling him to "charge it."

Last night he applied new tactics. When they entered he demanded the cash first. The barrage of dishes that followed caused him to take shelter behind the counter until they had retired. Mirrors and windows in the place were smashed. Lampropoulos was uninjured.

SHERIFF HOLDS PARROT UNDER WOMAN'S \$210 ALIMONY CLAIM

The Sheriff is holding a parrot for alimony. It was seized yesterday on behalf of Mrs. Mary Weir, wife of William Edgar Weir. She alleges that \$210 is due her on alimony which Weir was ordered to pay when she appealed from a divorce decision last April.

Weir sued for divorce and his wife filed a cross-bill. Both were denied and Mrs. Weir appealed and obtained an alimony order. Since their separation Weir has lived at the home of his father, John F. Weir, at 1322 North Union boulevard. On an attachment obtained by Mrs. Weir, a deputy sheriff went there yesterday and seized the par-

rot and the furniture of three rooms. The parrot is in the Sheriff's office at the Court House. It hasn't talked since it was taken there.

WILL OF WOMAN INVOLVING \$100,000 ESTATE IS SET ASIDE

Mrs. Martha Hewitt, 91, Had Disinherited 3 Sons and 4 Grandchildren Who Were Petitioners.

The will of Mrs. Martha Hewitt, 91 years old, who died three years ago, was set aside yesterday by a jury in Circuit Judge Jones' court on petition of her three sons, John, Thomas and Edward Hewitt, and four of her grandchildren, who had been disinherited.

The sons alleged that their mother had been influenced by their sister, Mrs. William O'Rourke, and her husband, who lived at the Hewitt home, 1323 South Jefferson avenue, and that the testatrix was not of sound and disposing mind when she made her will one year before she died.

The sons asserted that Mrs. Hewitt, in the last years of her life, played with toys and that she told stories over and over again. Judge Jones instructed the jury that such eccentricities, standing alone, were not proof that the one possessing them was of unsound mind. Mrs. Hewitt's estate is valued at about \$100,000. She was the widow of John Hewitt, who for years was master mechanic of the St. Louis Iron Mountain & Southern Railway Co.

There's something about them you'll like.

LA VOGUE COATS

Values to \$75.00---on Sale Saturday

Oh! For Words as "Hard as Cannon Balls"

We wish we could tell you all we know of the real, genuine goodness of the Coats—the up-to-date desirability of the styles—the high quality of the fabrics, the tailoring, the finish, the mark of individuality of each style—

But the designer designed and the manufacturer manufactured better than the ad writer can write. The next best thing for us to do, is, we believe, to ask you to see the Coats and judge for yourself, and—

—If, after seeing them and looking them over, you think or feel that we have hinted at, or said anything in exaggeration, then we'll owe you an apology—and our standing reward (see it above at left), will do the rest.

Children's Coats

And to say that they are the smartest, cleverest, "stunningest" Coats we have seen this season, and that they are as "good" in quality and tailoring as they are clever, smart and "stunning," is saying what has always been said, and what every woman who is familiar with La Vogue style and La Vogue quality will say. And, incidentally, don't forget that La Vogue Coats are to be had at Garland's only, in St. Louis.

500 COATS—about half were made to sell at \$25.00 to \$35.00. The others are Coats of the higher-class, intended to retail at \$39.50, \$45.00, \$59.50 and up to \$75.00. Instead of dividing them into a half dozen lots each, as they would be if bought in the regular way at regular prices, we're going to make two groups of each.

About an Equal Number at Each Price

NOW, it's only a question of what kind of a Coat you want, and how much you want to pay for it.

VELOURS that are in the front rank of style and popularity. Pompons and the always popular and dependable broadcloth at \$19.95.

ENGLISH MIXTURES, Wool Velours, Cheviot, Delhi, Kersey are among the fabrics of fashion and dependability at \$29.50.

AND AT \$34.50 AND \$48.75—well, we'll start with Bolivia—that sounds good, we know. Duvet de Laine, that's equally good, and Suede Velours and soft-lace Pompon that rivals Bolivia; and don't forget Silvertone, and Broadcloth, and Evora, and Normandy Cloth and other of the warmth-without-weight cloths, that make for style and comfort and service.

The Colors

Nothing in the color line of fashion is lacking; all the warm color tones of brown, blue, green, plum, taupe, Burgundy and the newest of all—Algeria. They're all here, in one or the other of the four groups.

Fur Trimming

Hudson Seal—Opossum—Nutria—Raccoon. Some have only collars of fur, others have fur cuffs—and there are Coats without fur—we've provided for all tastes.

A SIGN OF THE TIMES

"Did you get that for my birthday?" "See that's some handkerchief." "Yeh, me mother made it for me. It's good for a hundred sneezes."

Yeast: It is stated that this war has cost the Kaiser billions and billions of dollars.

Crimsonbeak: Well, suppose it has; he's getting a run for his money now, all right, isn't he?

How He Killed the Dragon.

Nobody ever questions it since they have come into money, but there were scoffing spirits in the village who had been known to aver that at one time Wellerby Sr. had driven a bus. If that had been so, young Wellerby had managed very successfully to banish the memory of those days from his mind. There was a reception at Wellerby Hall one day recently and the young heir to the broad domain was observed to be ostentatiously showing off to the family. He represented St. George and the dragon.

"One of my ancestors, you know," he observed, "he said he had killed the dragon."

"Good gracious!" said a scoffing near by. "How did he manage it? Did he—er—did he run over it?"—London Tit-Bits.

Relative Distances.

A LIOTMENT OFFICER: Who is your closest relative?

Kentucky Rookie: My aunt.

"To whom do you wish this money sent?"

"My mother."

"Why? I thought your aunt was your closest relative?"

"She is. You see, I'm a fisherman and Aunt Maggie lives by the river and Ma lives way up on the hill."
